Introduction

Thank you for choosing to use Team Flash's Data Classifier. This End-User License Agreement ("EULA") is a legal agreement between you and Team Flash. This EULA agreement governs your acquisition and use of our Data Classifier software ("Software") directly from Team Flash.

Please read this EULA agreement carefully before using the Data Classifier software. It provides a license to use the Data Classifier software and contains warranty information and liability disclaimers.

If you are entering into this EULA agreement on behalf of a company or other legal entity, you represent that you have the authority to bind such entity and its affiliates to these terms and conditions. If you do not have such authority or if you do not agree with the terms and conditions of this EULA agreement, do not install or use the Software, and you must not accept this EULA agreement.

This EULA agreement shall apply only to the Software supplied by Team Flash herewith regardless of whether other software is referred to or described herein. Team Flash holds no responsibility for any third party software and content. In no event shall Team Flash be liable for (a) a loss of profit (b) loss of use (c) any indirect damage from product (d) or liable for claims relating to third party applications.

Disclaimer of Warranties

The software is provided "As is", without warranty of any kind, express or implied, including but not limited to the warranties of merchantability, fitness for a particular purpose and non infringement. In no event shall the authors or copyright holders be liable for any claim, damages or other liability, whether in an action of contract, tort or otherwise, arising from, out of or in connection with the software or the use or other dealings in the software.

Copyright Infringement

Team Flash respects Intellectual Property rights and expects its users to do the same. The entirety of Team Flash's Data Classification is protected under copyright laws. Team Flash shall at all times retain ownership of the Software as originally downloaded by you and all subsequent downloads of the Software by you.
